Re: Virginia Pollutant Discharge Elimination System (VPDES) Permit Reissuance
VPDES Permit No. VA0089231
Lake Packing Co., Inc.

Dear Mr. Cowart:

Your VPDES permit is enclosed. This permit supersedes the previous VPDES permit (Permit No. VA0089231) issued to this facility. As indicated in the fact sheet, your permit has changed. Please read it carefully as you will be responsible for compliance with all permit conditions. The first Discharge Monitoring Report (DMR) required by this permit for quarterly monitored parameters is due January 10, 2013, for the period of October 1, 2012 through December 31, 2012. If you still have DMR data to report as required by the previous permit please submit it as an attachment to the first DMR required by this permit. Monitoring results on the DMRs should be reported to the same number of significant digits as are included in the permit limit for the parameter.

A hard copy DMR is not enclosed; however, an electronic DMR is available through e-DMR. DEQ has launched an e-DMR program that allows you to submit the effluent data electronically. We expect every permittee to use e-DMR as permits are reissued and exceptions will only be granted on a case by case basis.

There are many benefits to both DEQ and the permittee when e-DMR is utilized for submissions:

- 1) Fewer revisions for data since the e-DMR program automatically flags omissions before the data is submitted;
- 2) Cost savings on postage, copying, and paper;
- 3) No concerns about using the most current DMR – e-DMR refreshes the required parameters automatically when changes are needed;
- 4) Submittals can be made on a timelier basis; and
- 5) Electronic signatures from multiple people are allowed and e-DMR can be accessed from multiple computer locations.

If you have not already done so, please register for e-DMR participation now in order for the e-DMR application to be processed prior to the first DMR due date for this reissuance so as to avoid noncompliance with the permit reporting requirements. Patrick Bishop, our regional e-DMR administrator,

can assist you (804/527-5127; Patrick.Bishop@deq.virginia.gov). Information is also available at the following Web site:
